SUMMARY

Senior React Native engineer with 8+ years building and shipping production iOS and Android apps for startups and agencies across the US and UK, fully remote. Delivered 50+ production mobile apps spanning fintech, e-commerce, marketplaces, ride-hailing, food delivery and eSIM. Strong across the full stack (Node.js, Next.js) with hands-on App Store / Play Store delivery, CI/CD, AI automation, and remote team leadership.

CORE SKILLS

Mobile: React Native (CLI & Expo), TypeScript, Redux / Redux Toolkit, native modules, push notifications, maps, in-app purchases, offline-first, Stripe & PayPal

Backend: Node.js, Express, Next.js, REST APIs, GraphQL, PostgreSQL, MongoDB, Firebase, Supabase, MySQL

AI: OpenAI, Anthropic and LangChain for practical agentic automation

DevOps & Tools: CI/CD (Expo EAS, GitHub Actions), Docker, App Store & Play Store deployment, Xcode, Android Studio, Git

Ways of working: Agile / Scrum, code review, mentoring, full time-zone overlap with US & UK teams

EXPERIENCE

Lead Software Engineer · Hello Roam Sep 2025 - Present
Remote (United Kingdom)

- Lead a cross-functional team of 8 (mobile, web, SEO, QA and AI), owning end-to-end delivery of React Native and web products.
- Architected AI automation (OpenAI / Anthropic + Sanity CMS) to automate content workflows and speed up delivery.
- Own code quality, reviews and CI/CD across products; partner with product and design to ship features tied to business goals.

Co-Founder & Lead Engineer · A&Z CodeWorks LLC Jun 2024 - Present
Remote (United States)

- Co-founded a software studio delivering React Native apps for US clients from concept to launch.
- Built and shipped **Nova Auto Spa**, an on-demand two-sided car-wash marketplace (iOS, live on the App Store, rated 5.0).

Software Engineer (Mobile & Web) · Amazing Offer LLC Mar 2023 - Sep 2025
Remote (United States · Phoenix, AZ)

- Built and shipped React Native apps from concept to App Store / Play Store for a US company, with full time-zone overlap and on-site visits to Phoenix for planning and delivery.
- Delivered a self-care & motivation app (Firebase, goal tracking, personalized notifications) and an AI property-value web tool (Next.js + Node.js).
- Built internal automation (Zoho integrations) for lead capture, reporting and marketing operations; set up CI/CD for reliable releases.

Senior Mobile Application Developer · Aquila Techs (Digital Agency) Feb 2022 - Sep 2025
Remote

- Senior mobile developer at the agency, shipping React Native apps for clients across fintech, e-commerce, marketplaces and booking.
- Took over an outdated app that was slow and hard to maintain, modernised it, and **improved performance and code quality by about 60%**.
- Set team standards for architecture, code review and releases; mentored junior developers.

Projects: fitness app, home-moving platform, live webinar platform (real-time video, chat, notifications), social-media marketing & scheduling tool.

Senior Mobile Application Developer · Thinkzy Tech Jan 2021 - Jan 2022
Remote (India)

- Built a trading app, a CRM app, and the "Har Ghar Jaal" government infrastructure-tracking app with a cross-functional team.
- Delivered multiple high-profile projects on tight deadlines; mentored juniors and ran code reviews.

Mobile & Website Application Developer · Globaldigitechco Feb 2019 - Dec 2020
Lahore, Pakistan

- Built food-ordering (Stripe, real-time tracking), cab-booking (live location + admin panel), weather, carpooling and dating apps across mobile and web.

Graphics Designer & Website Developer · Egodoursolutions Jan 2018 - Jan 2019
Lahore, Pakistan

- Designed and built responsive websites and brand assets (logos, marketing collateral) for clients.

SELECTED APPS (LIVE ON THE APP STORE)

- HelloRoam (eSIM Travel Data):** React Native app providing travel data across 190+ countries and 22 languages (iOS & Android).
- Nova Auto Spa:** React Native two-sided car-wash marketplace for the US and Mexico, bilingual EN/ES (iOS, rated 5.0).
